- *5 Year Warranty - Best in the Industry*

Factory Packaged Skid System

*Alma Mader Brewing
Kansas City, MO*

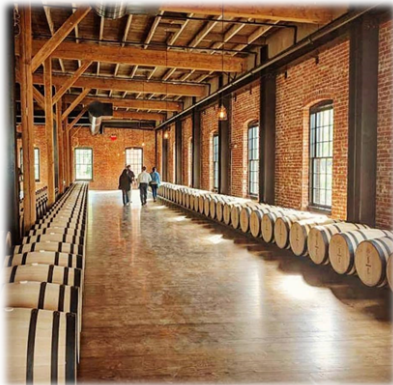

"Our Aldrich DG-900 is a workhorse. Its reliable, always ready to ramp up to full blast and make beer. The PLC controls are a breeze to use with the system quickly responding to on the fly adjustments. I am extremely happy with the quality of the workmanship, also. The welding and pipefitting are top notch. As far as boilers go its pretty good looking, too."

Nate "Doc" Rebeck, PH. D – Head Brewer
Texas Leaguer Brewing Co. – Fort Bend County, TX

Two 105 HP Low
Pressure Steam
Boilers
"Boilers are
functioning great!"

Savage & Cooke
Distillery
Vallejo, CA

"From the moment we uncrated our Aldrich boiler, we've been in love with it. We wanted to connect our guests to the brewing process, so we chose to showcase the boiler for all to see from the taproom; it's like having a sexy Ferrari parked in your brewery. Most importantly, it smoothly fires up every time, operates quietly and efficiently, and is a beast at providing reliable steam service for us to brew our high quality hand crafted beers."

Team Alvarium Beer Co.
New Britain, CT
